Dear Mrs. Thurber:

In going through some mail for my attention I find your order of June 9th for one copy of the "Spanish Songs of Old California" together with check covering. Our record does not show that this Book was forwarded to you tho' it should have gone forward long since. I am therefore forwarding copy on this date that there may be no further delay in your receipt of same, and would ask that you advise me in the event you have already received the Book that I may correct my records accordingly.

Thanking you for your order,
I am,

Yours very truly,

Mrs. C. H. Thurber,

Framingham Centre, Mass.
